

DESIGN & RENOVATION

Space, considered.

空间，自有章法。

Space, considered.

空间，自有章法。

A clear identity for a considered approach to space.

The geometric CAS symbol provides structure.

Serif typography, fine rules and warm neutrals add calm.

DESIGN & RENOVATION

ORIGINAL CAS SYMBOL

A NEW VISUAL EDITION BUILT FROM THE 2022 ARCHIVE

Identity with structure.

Keep the symbol whole.

Retain both original compound paths and their relative position.

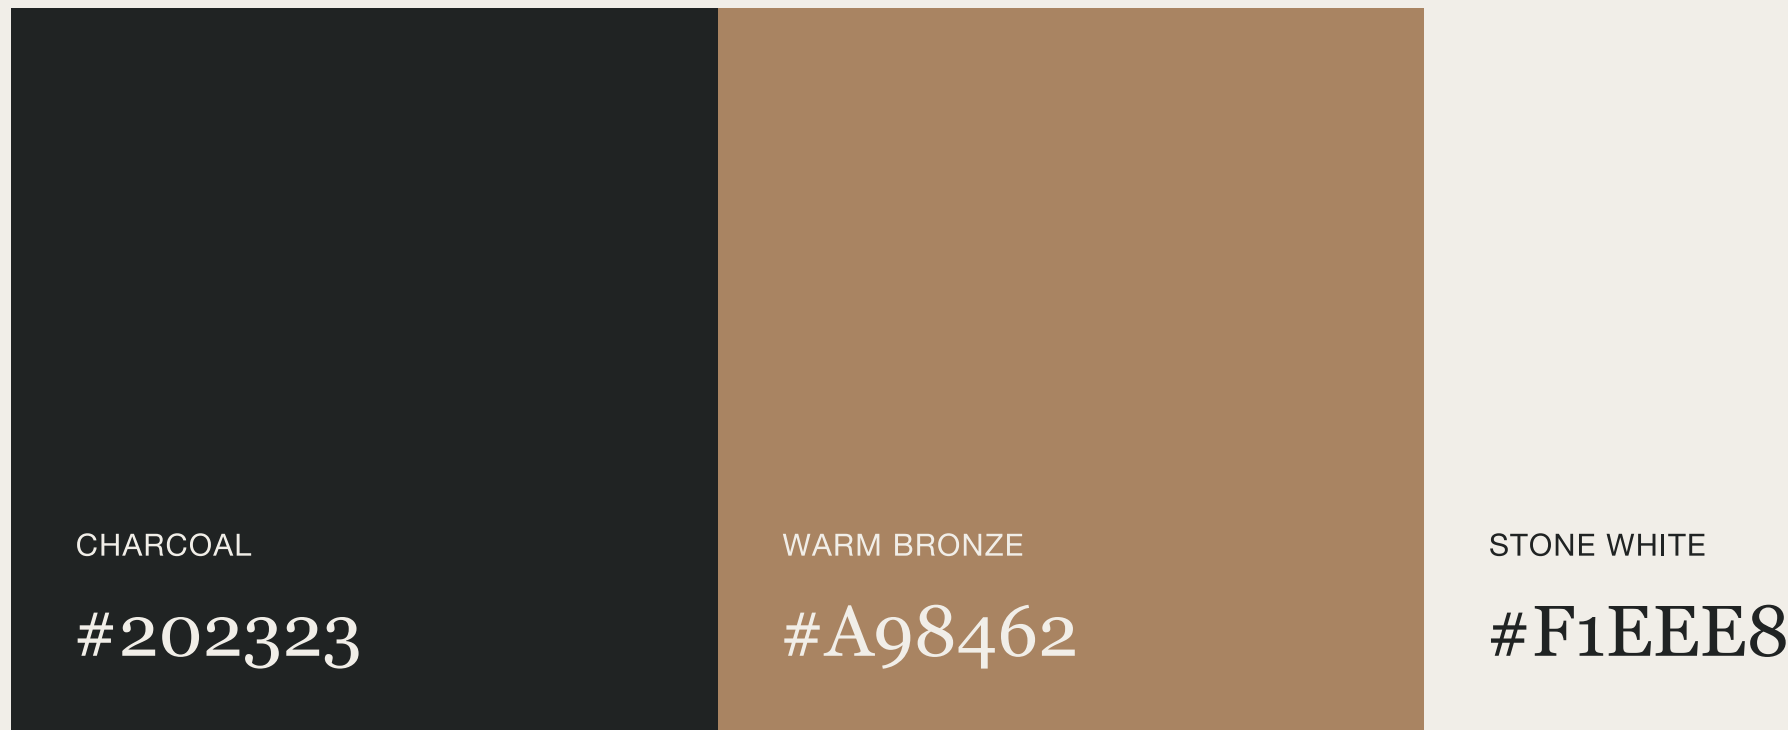

The open A and joined AS belong to the supplied source drawing.

Do not retype CAS, alter the angles or separate the letterforms.

Use the black original on a light field with generous clear space.

Descriptor typography in this edition is newly set.

Colour & typography.

Space. Form. Detail.

GEORGIA / EDITORIAL HEADLINES

HELVETICA NEUE / DESCRIPTORS & BODY

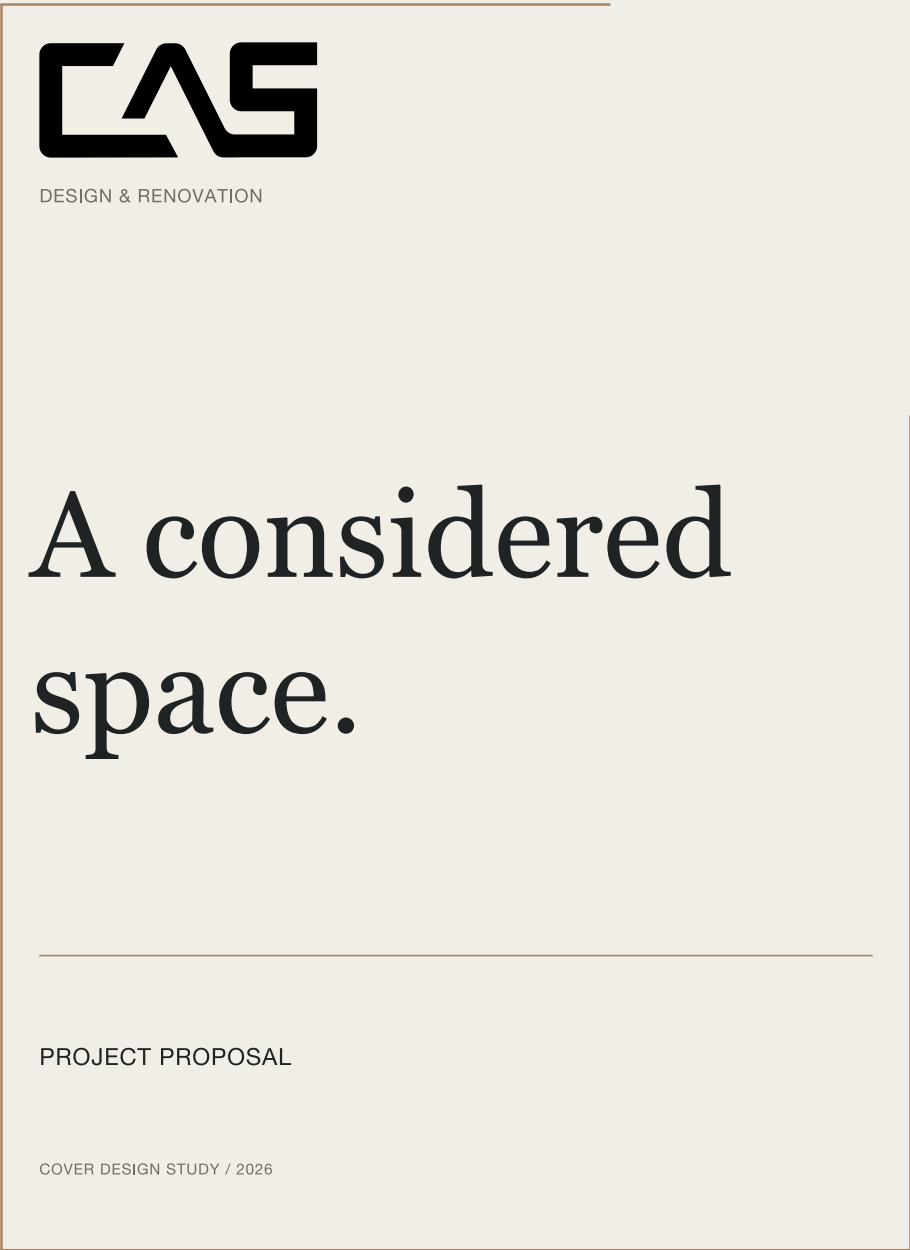

HIRAGINO SANS GB / CHINESE

A new warm palette connects print with material settings.

Thin bronze rules create structure without visual noise.

An open-corner frame is a new supporting graphic.

From identity to paper.

Room for every detail.

A proposal cover and blank worksheets support a clear conversation.
Material notes separate surface, finish and colour.
The space brief gives purpose, flow and details their own space.
These are design samples, not completed client project documents.

Archive & new work.

THE ORIGINAL ARCHIVE

Two JPEG presentation boards and one Affinity design file.

The native-file header is dated 26 August 2022.

Several identity directions appear in these source materials.

This edition develops the two-path geometric CAS symbol.

No final client approval record was supplied.

THE 2026 DESIGN EDITION

New theme, typography, palette, posters and paper applications.

New wall-sign and site-panel application concepts.

AI-assisted material and architectural scenes are visual studies.

No supplied interior is presented as a verified CAS project.

No claim of construction delivery, production or client adoption.

Original files and complete source-symbol geometry are preserved.
