THE ORIGINAL ARCHIVE

Two original Designer files contain several proposed identities.

The V3 PGC monogram is selected, without a claim of adoption.

All three paths, three gradients and nine stops are preserved.

The separate historic name setting is replaced by new typography.

The complete golf-ball image is an original-layout reference.

THE NEW EDITION

New 2026 name setting, theme, typography and applications.

The journal is a proposed cover, not a completed publication.

Club cards and blank notes imply no active membership or service.

AI-assisted scenes illustrate applications, not client premises.

Client adoption and physical production are unconfirmed.
